## Girl of the Week.

Nanda never needed a course in "how to win friends and influence people". Her ready happy smile and pleasant character take care of winning friends, and her shapely figure does the "influencing."

Her schooling she had in Surinam, and she took a course in typing and shorthand before taking up employment in the K.L.M.'s Purchasing department as a clerk.

It may have been her love for travelling which prompted our girlie, who is still single, to enter the service of one of the world's leading air-travel organizations.

She has already visited British Guiana, Caracas, Curacao, Aruba, Canada and the United States, from where she returned just recently. The U.S.A. itself she has crisscrossed quite extensively and New York

seems to be fairly well mapped in her brains.

Nanda's greatest wish is to return to the U.S.A. just as soon as possible.

Our girlie is not very keen on household work, but at the same time there is nothing around the house that she cannot adequately and efficiently take care of.

Sewing is one of her hobbies and so is record-collecting, especially those of Patty Page. Her favorite sports are boxing, baseball, swimming, and last but not least, dancing. If you are curious to know why we say "last but not least", wait until you see her streamlined figure move over the dance floor.

## LOCAL NEWS

### EAGLE PERSONNEL TRANSFER TO C.P.I.M.

In a meeting held at the Eagle refinery between management and employee representatives on Wednesday of this week, we learn from reliable sources, the stoppage of the refinery's operations in Aruba was discussed.

As is generally known, the refinery will stop refining crude oil in the early part of 1953. Operation will then be limited to the storage and export of crude oil and other oil products.

As a natural result, a reduction in forces is necessary and it is estimated that a force reduction of approximately 200 will be necessary.

The Eagle refinery, an affiliate of the C.P.I.M. of Curacao has now finalized plans whereby these 200 employees can be transferred to C. P.I.M. in Curacao. There will be no loss of service length; neither will the employees lose any of their benefits accumulated while in the employ of the Eagle.

Employees not interested in transferring to C.P.I.M. may terminate their services under very favorable conditions. They will be entitled to all benefits, including those accrued over the years, based on the retirement plan.

The Eagle refinery will maintain a force of approximately 120 employees for its storage operations. These, as far as technical problems permit, will be exclusively Arubans.

### POLICE NEWS.

During the past week, several thefts were reported to the police from various sources.

At the Veldstore, an amount of f 30 was stolen together with the gold watch of the owner.

The uninvited guests broke into an office of the Aruba Bouwmaatschappij at Dakota.

With a drill they then tried to force the safe without success. However, several tools were stolen and with these the thieves forced open a desk at ELINCO and disappeared with a loot of Fls. 700.—

At the Aruba Technical school someone climbed the fence and stole f 18.— from a desk.

The storeroom of the Bohama company on the Eagle refinery grounds was visited, but it was not possible to determine if anything had been stolen.

In connection with these thefts, detectives have arrested two young men of 20 and 23 years respect-

#### MONTE OFF TO REAL KILL CONFERENCE.

From reliable sources we learn that energetic Monte Maduro, managing director of the Aruba Trading Company, will again be away from Aruba for a short time to attend the forthcoming "Real Kill" conference in Jamaica from November 12 — 16.

The conference will be called to discuss plans for advertising Real

Kill products, represented here in Aruba by the Aruba Trading Company. The conference will be held in the Tower Isle hotel in Jamaica.

Mr. Monte Maduro who is not only known for his energy as an outstanding business man in Aruba but also as a member and past president of the Lions Club returned recently from a similar conference called by Seagram's V.O., another product represented by Aruba Trading Co.

THE LOCAL wishes Monte a pleasant trip away from Aruba and a fruitful one for his business.

#### R.C.A. — ARUBA JRS TODAY.

The old rivals on the football

field, R.C.A. and Aruba Juniors, will clash again this afternoon at the Wilhelmina Stadium.

The match starts at 4 p.m. sharp, with prices set at Fls. 2.00 and Fls. 1.00.

The net receipts of the match will go to the fund of "Our Lady of Coromoto" statue.

#### PORTUGUEZ, MIRO CLASH IN ARUBA NOVEMBER 14.

Promotor J. Eusebio Croes makes good his promise to Aruba boxing fans on November 14 with the presentation of an action packed professional boxing card topped by a 10 round battle between Tuzo Portuguez and Wilfredo Miro, at the Arena National in San Nicolas.

It will be remembered that boxing fans demanded this fight on the night of October 10, when Portuguez decisioned Bull Gilkes here in Aruba.

In spite of the very high expenses involved in staging this show, promotor Croes is planning a very interesting supporting card, featuring such ring favorites as Kid Zorro, Colorado Kid, Kid Codoy and El Telefonito who makes his comeback debut on this night. In our next edition the entire card will be listed, since final arrangements for the prelims have not been made.

Tickets will cost Fls. 7.50 for reserved ringside (special chairs), Fls. 6.00 for ringside and Fls. 4.00 for tribune.

There will be pre-sale of tickets which can be secured at the following addresses:

AGAIN QUALITY OF COCA-  
COLA HAS BEEN CONFIRMED.

From the Coca-Cola distributors  
in Aruba we received the following  
interesting story about Coca-Cola  
which was printed in the Venezu-  
lan newspaper "El Universal".

Court in Paris today officially  
announced that Coca-Cola is a  
wholesome drink and in no degree  
harmful.

A campaign in France, against  
Coca-Cola, that lasted for about two  
years, ended today with a real vic-  
tory for Coca-Cola.

A judge, who examined the case,  
annulated all claims against Coca-  
Cola, filed by manufacturers  
of wines, juices and mineral water.

The judge made his decision  
upon receipt of reports from four  
chemical experts in this field, who  
confirmed that Coca-Cola in no  
way is bad for health.

Above claims were filed while  
Coca-Cola sales were increasing  
tremendously day by day. In le-  
gal society this victory is consider-  
ed a remedy to any other attaque  
against Coca-Cola, either in France  
or anywhere else.

FILM SHOW AT S.N.C.C.

Last Tuesday evening, the mem-  
bers and friends of the San Nicolas

Cultural Club were treated to an  
interesting and instructive film show  
through the courtesy of Mr. G. N.  
Owen of the Lago Safety Depart-  
ment.

The first film was a traverlogue  
on the island of Bermuda. This  
film took its viewers through the  
entire island, to old forts, picnic  
spots and fine beaches.

The second film, "Your Postal  
Service" gave some inside views on  
the operations of the United States  
organization, the men who control  
it, and the various services render-  
ed.

The main film of the evening  
dealt with Safety in the community.  
The story concerns a doctor whose  
wife is killed by a hit and run dri-  
ver. This doctor starts a one man  
safety campaign, which to his close  
friends, is becoming quite a nuisan-  
ce. However, at the height of op-  
position, his chief detractor is con-  
vinced dramatically of the value of  
safety measures and becomes a

strong supporter of the safety campaign and renders valuable contribution in making the town safety conscious. Due to the efforts of everyone the town has the lowest accident rate in the country.

The message of the film was well put over and the Lago Safety Department is due a great measure of thanks for affording the Club an opportunity to see this very instructive film.

At the conclusion of the show, the secretary of the Club thanked Mr. G. N. Owen on behalf of the club for the very enjoyable evening.

#### CURACAO CONSUL VISITS B.W.I.A.

On an official visit to this island last week was Mr. C. W. Hirschberg, British Consul at Curacao. Mr. Hirschberg was in Aruba to arrange the setting up of a new office for the British Consulate here. According to plans, the new office will be situated on the floor above Ch. Raghunath's Jewel Store on the main street in San Nicolas. This should prove a very convenient location for both residents in Aruba and visitors from various ships. The new Consul for Aruba, Mr. Cuthrie, who is succeeding Mr. Berry, is expected to arrive within a few days.

While here Mr. Hirschberg took the opportunity to meet the British West Indian Association. In an interesting and informal talk he

and drew repeated applause from the audience.

After the concert dance music was supplied by the popular Orchestra "Ritmica."

#### B.W.I.A TO OBSERVE "REMEMBRANCE DAY".

Sunday, November 9th., will be observed in all British territories as "Remembrance Day", the day on which special remembrance is given to British servicemen who died in the two World Wars.

Here in San Nicolas, with its sizeable British population, the British West Indian Association is for the second year in succession making plans for observance of this day.

Plans for the commemoration consist of the sale of poppies and a special "Remembrance" service at the Anglican Church at 10.00 a.m.

This service will be attended by British ex-servicemen in Aruba, and by representatives of other national groups that served in the war — Dutch Marines, the American Legion and Aruban soldiers.

Last year's service was impressive and well attended, and it is

### VENEZUELA SOFT AND BASEBALL TEAMS FOR CURACAO ?

Leon Prince, president of the Curacao Baseball Association has invited the Instituto Nacional de Deportes of Venezuela for a series of soft and baseball games to be played in Curacao on the occasion of the festivities in honor of the statue of "Our Lady of Coromoto's" visit to Curacao. The I. N. D. is considering the matter.

To make sure that the teams will participate, baseball president Leon Prince of Curacao arrived in Caracas last Monday to negotiate with I. N. D. director, Captain Larrazabal.

Not giving a positive answer, Larrazabal said that he will do everything possible to have the teams send to Curacao, since Curacao has already contributed much to stretch the bonds of friendship which binds Venezuela with the Netherlands Antilles.

The teams may leave Caracas November 8 to play on November 9 and 10.

### AMATEUR CARD POSTPONED

Because of certain delays encountered in finalizing plans for the amateur card planned for tomorrow afternoon, November 2, the program has been postponed until next Sunday, November 9, when it will definitely take place.

The site will be the Arena National in San Nicolas, and starting time has been set at 5 p.m., with quite a group of newcomers making their debut. These include fighters from such far away places as Madeira and Holland.

Matchmaker "Long Gun" Wilson informs us, in connection with the above, that there are plans for an extensive amateur series, whereby amateur champions in the various divisions will be determined.

From discussions with interested parties in Curacao he knows that similar plans exist in Curacao and Venezuela. Through close contact with both these places, it is hoped to stage a Caribbean tournament following completion of the local series whereby the "Golden Glove" champions will fight for the Caribbean titles.

These plans can, naturally, only materialize with the support of the fans and it is hoped that this support will be forthcoming through continued large attendance.

### CHARLES WHIPS BRION.

Hot on the come-back trail to earn himself another crack at the title he once held, former heavy-weight champion Ezzard Charles came out buzzing last Friday night at the Madison Square Garden to take a wide marging unanimous decision from Argentina's game man Cesar Brion over 10 heats.

All three officials gave the fight to Charles. Both judges had it 8-2 and referee Goldstein saw it 8-1-1. However, the 8th round was taken away from Charles for a low blow and hitting in the breaks, so that the official score became 7-3 (for the judges) and 7-2-1 (for the referee). Charles had things his own way and knocked Brion's face to mince meat, staggering him repeatedly. However, the game Brion refused to go down to support Ezz's statement that from now on he would be knocked out or knock them out himself.

Charles' manager said during the week that Ezz will have at least one fight a month from now on so long as there are opponents to fight which will bring him closer to the title. Among those listed as possible opponents are Harry "Kid" Matthews, Rex Lane, and Jimmy Bivins. Plans call for the Bivins match to come off late next month. If not Bivins, Ezz hopes to meet Danny Bucceroni.

**WILLY PEP TO FIGHT MEXICAN MANNY CASTRO.**

Former featherweight champion Willie Pep has been signed to meet Manny Castro, Mexican lightweight, in a 10-round fight Wednesday night, November 5 at the Miami Beach Auditorium.

Pep scored a 10-round win over Billy Lima last week in Jacksonville. In his last local effort the ex-title holder beat Claude Hammond in a rough and ready brawl that put Willie on the shelf for several weeks.

Castro is regarded as one of Mexico's most promising campaigners. He is a clever boxer and punches well with both hands. In three fights here he twice beat Lima and followed up with a upset victory over Tito Valles.

**MAJOR LEAGE NEWS.**

Walter O'Mally, Brooklyn President was happy to report last week

that most of the Brooklyn fans were not mad that the Brooks did not win the World Series since they had forced the Series to the seventh game for a decision.

Some fans opinion was that manager Chuck Dressen did not make good use of his pitching staff.

There were many letters received asking that Gil Hodges, who was a flop in the World Series, be maintained.

Big Johnny Mize might become manager of the Birmingham Barons of the Southern Association.

However the Yankees want to retain Mize as a pinch-hitter and utility player since Mize had shown excellent playing in the 1952 World Series.

In case the Yankees do not want Johnny, at least 3 other major league clubs would like to have him.

Mize said if he retire as an active mayor league baseball player he would like to become a major league coach.

INDO-CHINA.

French High Command announced that the communist led Vietminh appeared to be using the bulk of their forces in northwest Indo-China in an attempt to capture the Thai country rather than risk a direct attack upon the main French defence in the Red River delta.

The Vietminh forces are trying to follow up on their initial success-

es recently in forcing the French from several fortified positions.

A fortified fort about six miles south of the Black River has been the target for several days, but the French forces were continuing to hold on.

Commando raids and air observation failed to disclose any sizeable concentrations of Vietminh troops outside the rim of the Red River delta, but it is believed that the rebels will attempt to attack this point which is not only the Key of all Indo-China, but possibly to all of South-East Asia.

This project will produce two million kilowatt hours of electricity power annually.

President Vincent Auriol seized the occasion to speak out.

He said that France is gravely offended by the move to try her in the United Nations on charges of oppressing her North African protectorates. The recent vote in the U. N. Political Committee to put complaints against France by Tunisia and the Morocco Nationalists high on the agenda for discussion, caused pain and bitterness in France.

France feels gravely offended when, before that noble organization whose mission is to organize peace and not to create trouble, to unite nations in mutual confidence, and not to divide them, France is accused of oppressing men and peoples.

## PYTHON, ELEPHANT BATTLE.

In Calcutta, India, a weird, terrifying jungle tug-of-war between a giant python and a calf elephant drew villagers from miles around to a clearing in the Manchik forest reserve near here, tribesmen reported Monday.

The python had seized the elephant by a hind leg and, 'mooring' itself to a tree, started a fight to the death.

The fight see-sawed crazily around the clearing for hours, smashing the undergrowth flat as the elephant tried vainly to free its leg.

Eventually the python "swallowed" the elephant's leg.

Then came a deadlock. The elephant couldn't move and the reptile couldn't swallow any more.

Villagers stepped in, hacked the python to pieces with their razor-sharp swords, and freed the elephant.

Seventeen years ago in the same forest villagers watched a three-day tug-of-war between a giant python and a fully-grown elephant. The outcome was the same that time.

## HURRICANE HITS CUBA

Belated reports Monday from Central Cuba — hit by a hurricane — said the city of Aguada de Pasajeros suffered extensive damage. Three deaths were attributed to the storm, which swept through an area in which 36 of Cuba's 161 sugar mills are located.

A committee representing the mayor of Aguada de Pasajeros, a city of 25,000 population, said more than 1,000 homes were destroyed. There is a lack of water, food and medicine and the situation is critical, the committee said in an appeal for aid.

Red cross estimates from there

put the number of homes wrecked at 600 and told of similar damage in nearby smaller towns. Damage to sugar cane crops was described as heavy.

The Cuban sugar Institute said it had no total figures as yet.

## STANDARD OIL EARNINGS DROP

In the corresponding period of 1951, net profit reached an all-time high at \$403,000,000 or \$6.65 a share.

**SWEEPS THE COUNTRY**

New York (Vaz Dias) — Television advertising in the U.S. is increasing by leaps and bounds. National advertisers will spend a total of \$415 million for TV time and programs in 1952 as compared to less than \$300 million in 1951. In another two years advertisers are expected to spend \$750 million annually to bring their sales message to the 27 million homes which will have a TV set by then.

**SPORTSCARS IN DEMAND**

New York (Vaz Dias) — All indications point to an increasing popularity of European-type sportscars in the United States. Sleek British, French and Italian makes have become a frequent sight in the big cities and on the highways. A few American car manufacturers who have been observing the trend for some time, have now decided to join the parade. Nash Motors has made arrangements to put its two-pas-

senger ultra-modern sportsmodel, the NXI (Nash Experimental international) into production in England in the latter part of 1953 to be sold through Nash dealers in this country. Buick will start manufacturing its Skylark sports car on its own assembly lines on the occasion of its golden anniversary in 1953.

SUCCESSFUL SHOW :**

**CURACAO COMEDIAN THRILLS  
CROWD.**

A large audience attended the Excelsior Brass Band Clubhouse last Saturday night on the occasion of the Concert & Dance sponsored by the British West Indian Association. A fine program of songs, instrumental music and comedy entertained the audience for two hours, after which there was dancing to the music of the popular orchestra "Ritmica."

Making their first concert appearance in San Nicolas was the "Aruban Boys' Band", a classical orchestra comprised of pupils of Frères schools. This orchestra, under the direction of Bro. Andrew of the St. Dominicus College, rendered a group of stirring marches and classical numbers, and were warmly applauded on their performance. There were also well rendered numbers by Mr. Keith Edwards (vocal), Miss Grace Tappin and Miss Enid Abrahams (piano), Master D. Todman (violin); a vocal duet by Mr. Ben Jones and Miss Abrahams, and amusing skit "It's Colossal" by members of the Oranje Sports Club.

Highlight of the evening was undoubtedly, however, the performance of Mr. Launie Rock, the Curacao comedian. Dressed in attractive stage costume and painted face, Launie held his audience in fits of laughter with his gags deli-

vered in his inimitable style, and climaxed his act with a bit of marvellous stage dancing.

There was only one disappointment for the audience: the Police Choir at last moment stated they were unable to take part, although for weeks before the Choir official contacted had given assurance they would perform. However, their place was filled by Mr. A. Weekes, who brought down the house with an outstanding clarinet display.

A large section of the crowd stayed on for dancing and went through their rhythmic movements to the melodious tunes of the "Ritmica" orchestra.

Altogether it was an enjoyable occasion and all present spoke with satisfaction of an evening well spent.

**PAYROLL CAR DRIVER  
HELD AS ACCOMPLICE**

Georgetown, Oct. 27 — The police on Sunday arrested three men and charged them with robbery in connection with the daring hold-up of Plantation Port Mourant's payroll the previous Friday.

Accused are Mahammed Salim Khan, the chauffeur, who was driving the estate car which was held up and robbed of a cannister with part of the estate workers' payroll totalling \$34.756; Samaroo Carmiah, of "Miss Phoebe" Village, Corentyne Coast, and Mohamed Ezaz, of Port Mourant.

The police disclosed that only \$21.257 was recovered of the stolen money. The amount recovered was found in the possession of Samaroo at Pln. Albion, 12 miles from New Amsterdam.

The motor-car driven by Khan was carrying the weekly payroll

from a New Amsterdam bank to the estate when held up by two masked men armed with shotguns who escaped with the cannister of money on horseback.

In the car were the estate's chief accountant and two clerks.

"I WILL NOT PAY A CENT"**

St. Georges, Oct. 25 — "I am not paying one damned cent", the Hon. Eric Gairy, at present on a good behaviour bond, told a mass meeting here last night.

He was referring to a \$48 fine — or one month's hard labour — imposed on him for using threatening language to Mr. Louis Strauss, an estate owner.

Mr. Gairy then urged the audience to repeat after him a lengthy oath ending with "If I do not fight for my leader, I will never have a settled conscience. I would much rather be dead than let my leader down".

### HAPPY BIRTHDAY.

Last Saturday, October 25th a well planned party was kept in honor of Anneke Linzey at her home at Bernhardstraat 105.

It was her 25th birthday anniversary.

Ann who is very fond of music and dancing had one of the finest selections of recorded music on hand that kept the floor constantly crowded with the dance lovers.

For the thirsty ones there was a well assorted bar.

She received many lovely gifts and wishes from her numerous friends.

The party lasted till the small hours of the night and every one left very pleased hoping to celebrate many more birthday parties with Ann in the same enjoyable way.

To her we extend our best wishes and many times 25 in good health.

\* \* \*

Our congrats also go to little Vivian Wijdh who completed 1 year last Wednesday, October 29th.

Not knowing much about it Daddy and Mammie had arranged a very fine party for this occasion and all present enjoyed it very much.

Our birthday greetings also go to little Anneke Dookun who added another year and became 6 last Wednesday when her friends came in to sing "Happy birthday to Ann".

Sr. Gilberto Anthony "man about town" celebrated his 24th birthday anniversary on Thursday October 30th.

For this occasion he kept a real "gents" party at the Brass Band Club and his many friends present presented him with lovely wishes and songs.

There were no gals but there was enough whisky to put away anybody.

The highlight of the party was when Mr. Jesus Maria Navarro from Venezuela told everyone to write not more than 2 short lines on a piece of paper and have them put in a hat, then he would select each one without reading and tell everyone what they wrote. Well Jesus did.

Our sincerest wishes and many happy returns to Gilberto.

### "VAN JOHNSON" LEAVES.

Leaving Aruba last Monday for British Guiana and the States was Mr. Malcolm of Lago's Accounting Dept.

King, better known as "Van Johnson," is very keen on seeing the "big country".

Strange to relate, Van was to leave on Friday last week, but when the KLM officials at Dakota were calling his name he was in San Nicolas, so naturally he could not hear and he was left. He was in much better time on Monday and was able to make the grade.

From all sides the Arabs are now pushing forward. "We'll have to surrender," Willy who has emptied her pistol cries out: "They are behind us too. She doesn't understand what Marga replies by the sound of another shot. And then their guide falls on the ground; he

is mortally wounded. And now the fight is soon over. In vain the girls try to hold the men off with their whips, but the Arabs do not care a bit. "Take it easy, Miss", one of them says in broken English" you must not excite, or I shoot you."

Willy understands that further resistance is senseless. The girls are taken prisoner and led to the stronghold, that they already saw from the mountains. "Never say die, says Willy. "Maybe it isn't as bad as it seems."
